Ombé Metal

HC 7106

With a contemporary open wire construction, this classic round shape features a new gradient shading technique on metal. The new ombé painting technique creates beautiful, soft and summery chromatic combinations, and features a modern and clean Coach laser-engraved logo on shiny silver metal temples with metal fronts and adjustable nose pads.

This model is offered in shiny gold/silver/light purple with brown rose gradient lenses, shiny brown/silver/light gold with smoke gradient lenses, shiny bronze/silver/pink with blue to pink lenses, and shiny rose gold/shiny silver with smoke blue pink gradient lenses.

HC 7109

A feminine, modern and classic shape featuring a new gradient shading technique on metal. This concept features an on-trend open wire execution mounted over a classic shape. Finished with a laser-engraved logo on a thin modern metal temple, this vivid and joyful construction creates fresh color combinations with a contemporary inspiration.

Available in shiny brown/silver/light gold with shiny silver temples and smoke gradient lenses, shiny burgundy/shiny silver with shiny silver temples and gray gradient lenses, shiny purple/white chrome/rose with white chrome temples and light gray gradient lenses, shiny rose gold/shiny silver with shiny rose gold/shiny silver temples and smoke blue pink gradient lenses, and burgundy/shiny silver with burgundy temples and gray gradient lenses.
